

THE STRENUOUS WEST

ere's a place where muscles get toughened,
A place where weaklings are shamed,
A place where soft skins get roughened,
And a place where gumption is famed.
ere's a place where courage is strength-
ened,
A place where weak hearts grow strong;
ere's an air where life's breath is length-
ened,
Where the consumptive's day is made long,
the ozone-charged breath of the moun-
tains,
On the sun-kissed and breezy, brown plain;
ere, there flow the life-giving fountains
Of health, and a wealth that no money
can name.
ere's a place where wild grows the vision
of soul
As the prairie-bound dome of the sky,
place where the grasp of the great is the
goal;
No battle too hard, and nothing too big
to try.
the prairies and plains, or midst peaks
and chains
That range 'long the western sea,
on the land of old Sioux, on the north;
clean through;
On the south, to the Apache.
the West, the great West, wild and wide
full and free.
n the West, with its vigorous, strenuous
life,
Where a man's a man for his place in the
strife,
d not for his grandfather's tree.

tune in securing so important a

In the offices of the superintendent

Better Than a Plaster.

A piece of flannel dampened with
amberlain's Pain Balm and bound on
affected parts, is better than a plas-
ter for a lame back and for pains in the
s or chest. Pain Balm has no supe-
rior as a liniment for the relief of deep
ted, muscular and rheumatic pains.

SUPREME COURT A
PECULIAR TRIBUNAL

The supreme court of the United
States does business on an antiquated
plan. While it is undoubtedly the
most dignified body of men in this
country, if not in the world, it has its
peculiarities, and they are striking
ones.

One of the traditions of the court
prevents newspaper correspondents
from attending the session of the court
in their professional capacity. Provi-
sion is made for a representative of
each of the great press associations,
but the correspondents have to push
and crowd in behind the rear railing
with the hundreds of other spectators.
Usually they have to stand up, and if
they are seen taking notes an attend-
ant escorts them to the door. The re-
sult is that the 200 or more correspond-
ents have to depend on their memory
for their reports of proceedings in the
supreme court room.

There is another court custom which
prevents correspondents from seeing
the opinions handed down until they
have secured authority from the judges
who severally deliver them from the
bench. This authority is not always
given, the judge exercising his own
discretion about it. Not infrequently
the correspondent has to go to the
home of the judge to get the written
authority, and perhaps by the time he
gets back to the capitol the office of
the clerk of the court is closed.

The Lone Star State.

Down in Texas at Yoakum, is a big
dry goods firm, of which Mr. J. M.
Haller is the head. Mr. Haller, on
one of his trips East to buy goods, said
to a friend who was with him in the
palace car, "Here, take one of these
Little Early Risers upon retiring and
you will be up early in the morning
feeling good." For the "dark brown"
taste, headache and that logy feeling
DeWitt's Little Early Risers are the
best pills to use. Sold by Globe Drug
Store.

A Sickly Race

"George," said the little girl to her
brother, as she looked up from the
paper she was reading, "it says here
that another octogenarian is dead.
What is an octogenarian?"
"Well, I don't know what they are,
but they must be sickly creatures.
You never hear of them but they are
dying."

How to Prevent Croup.

It will be good news to the mothers
of small children to learn that croup
can be prevented. The first sign of
croup is hoarseness. A day or two be-
fore the attack the child becomes hoarse.
This is soon followed by a peculiar
rough cough. Give Chamberlain's
Cough Remedy freely as soon as the
child becomes hoarse, or even after the
rough cough appears, and it will dispel
all symptoms of croup. In this way
all danger and anxiety may be avoided.
This remedy is used by many thousands
of mothers and has never been known
to fail. It is, in fact, the only remedy
that can always be depended upon and
that is pleasant and safe to take. For
sale by H. C. Hitchcock.

Revolution Imminent.

A sure sign of approaching revolt
and serious trouble in your system is
nervousness, sleeplessness or stomach
upsets. Electric Bitters will quickly
disemember the troublesome causes. It
never fails to tone the stomach, regulate
the kidneys and bowels, stimulate the
liver and clarify the blood. Run down
systems benefit particularly and all the
usual attending aches vanish under its
searching and thorough effectiveness.
Electric Bitters is only 50c, and that is
returned if it don't give perfect satis-
faction. Guaranteed by all druggists.

Senator Fairbanks' denial of any
disaffection in Indiana as regards the
nomination of Roosevelt, and his state-
ment that there will be no opposition
to his nomination, confirms the
World's prediction that it will be
Roosevelt by acclamation in the repub-
lican convention of 1904.

A Costly Mistake.

Blunders are sometimes very expen-
sive. Occasionally life itself is the price
of a mistake, but you'll never be wrong
if you take Dr. King's New Life Pills
for dyspepsia, dizziness, headache, liver
or bowel troubles. They are gentle yet
thorough. 25c, at all drug stores.

Danger Signal

At a wedding in a church, noticing
the dim religious red light that burns
over the chancel, Teddy asked his
bachelor uncle, "Is that a danger
signal, Uncle Tom?" and Uncle Tom,
who is suspected of hovering on the
brink of a proposal, was heard to
reply, "Yes"—Lippincott's Magazine.

Mark Twain's Short Words

The more vital the writer the sim-
pler and more direct his appeal. No
careful student of literature can have
failed to note that under great stress
of feeling a strong writer becomes al-
most monosyllabic. In Mark Twain's
story in this number of the magazine
the number of words averages 836 to
the page. The usual number is less
than 750. The shorter the words the
more of Anglo-Saxon vigor. This
point is of especial interest in the case
of an author who of all the story-
writers of our time has the widest ap-
peal—Editor Alden, in Harper's Mag-
azine.

Good For Children.

The pleasant to take and harmless
One Minute Cough Cure gives imme-
diate relief in all cases of cough, croup
and grippe because it does not pass
immediately into the stomach, but
takes effect right at the seat of the
trouble. It draws out the inflammation,
heals and soothes and cures perma-
nently by enabling the lungs to con-
tribute pure, life-giving and life-sus-
taining oxygen to the blood and tissues.
Dr. Armstrong, of Delia, Texas, pre-
scribes it daily and says there is no
better cough remedy made. Sold by
Globe Drug Store.

At a meeting of the Daughters of
the Confederacy at Houston, Texas, a
resolution introduced by Mrs. Margaret
Hadley Foster, thanking President
Roosevelt for "vindictating the South
and upholding the right of secession"
by his recognition of Panama, was
unanimously adopted.

One Hundred Dollars a Box

Salve. He says: "I had the piles for
20 years. I tried many doctors and
medicines, but all failed except De-
Witt's Witch Hazel Salve. It cured
me." It is a combination of the heal-
ing properties of witch hazel with anti-
septic and emollients; relieves and
permanently cures blind, bleeding, itch-
ing and protruding piles, sores, cuts,
bruises, eczema, salt rheum and all
skin diseases. Sold by Globe Drug
